A Backyard Michelin Dinner with Nancy Silverton & The Mascot

October 17, 2025 | Los Angeles, CA

An evening of rare distinction awaits as Napa Valley’s celebrated The Mascot wines are paired with a dinner curated by one of the most influential chefs in America, Nancy Silverton, in her own backyard!

This dinner is simply a once-in-a-lifetime affair! Chef Nancy Silverton is renowned as the founder of La Brea Bakery, which revolutionized artisan bread in the United States, and as the visionary behind celebrated restaurants including Pizzeria Mozza, Michelin-starred Osteria Mozza and chi SPACCA. Her accolades include the James Beard Foundation’s Outstanding Chef Award, a Michelin star, and recognition as one of the most innovative women in food and drink. Silverton’s influence extends far beyond her restaurants—she is a prolific cookbook author, a mentor to industry leaders, and a star of Netflix’s Chef’s Table. Her passion for culinary excellence and hospitality makes this dinner a truly special occasion, offering guests the rare opportunity to engage with a living legend of American cuisine.

On October 17th, guests will gather at Silverton’s residence for a dinner featuring a live jazz performance by the Bel Air Players Club, with Billy Harris as host and MC. Silverton will personally curate the menu, make an appearance, speak to guests, and offer a table-side meet and greet.

Adding to the rarity of this dinner: Each course of the evening’s dinner will be thoughtfully paired with The Mascot wines, showcasing their complexity and depth alongside a menu designed to complement their character. The Mascot, a Napa Valley Cabernet Sauvignon, is a wine with a remarkable pedigree—crafted from the younger vines of Harlan Estate, BOND, and Promontory, and conceived by Will Harlan as a project first shared among family and close friends. The Mascot offers a glimpse into the future of these iconic estates, its 2020 vintage notable for its intricate balance of tannin, acidity, and nuance, shimmering with sensory detail. Each couple will receive a bottle of the 2020 The Mascot to commemorate the occasion.

Fund-A-Need: Cancer Prevention and Interception

Raise your paddle high, it may save someone you love.

What is Cancer Prevention and Interception?

- Preventing cancer before it forms is the best way to reduce the burden of cancer on individuals. This includes taking certain actions to lower risks (healthy lifestyle, limit sun exposure, staying up to date on vaccines that can prevent cancer), but we need further research into what causes cancer (gene mutations, environmental exposures, etc.) to develop preventative methods and guidelines.
- Cancer Interception includes research that aims to detect cancer in its earliest forms (precancerous or early tumors) and to halt or reverse the process. Examples of cancer interception are: polyp removal during a colonoscopy and precancerous mole removal during a skin check. Cancer interception combines screening to identify a precancerous or early tumor with treatment or procedures that remove it or stop its growth.

Why does the V Foundation fund cancer prevention and interception?

- In 2023, it was estimated that 45% of expected cancer deaths can be attributed to risk factors that can be modified (e.g., smoking, UV exposure).
- Research is urgent because understanding, detecting and treating cancers early will save lives. We need: a better understanding of what factors lead to cancer, accurate screening guidelines, and improved screening tools (less invasive, more accurate) to catch cancer in its earliest forms.
- Continued investment in research on cancer prevention and cancer interception will be a driving factor in Victory Over Cancer®.

Alpha Omega Winery

2022 ERA — Case for Research

Long time V Foundation Supporters, Robin and Michelle Baggett have been active V Foundation participants since 2008, as Foundation Wine Celebration Vintner Ambassadors, Vintner Grant Recipients, Vintner Ambassadors to the Board, in addition to hosting the “virtual” auction in 2020 that raised almost \$4 million. The Baggett’s cherish the opportunity to be a part of the V Foundation and its mission, where 100% of donations go to cancer research.

Founded by Robin and Michelle in 2006, Alpha Omega is a family owned, certified Napa Green winery situated on Highway 29 in the historic Rutherford appellation, the heart of the Napa Valley.

Alpha Omega farms prized grapes from its own vineyards and from historic vineyards in the Napa Valley.

Handcrafting world class wine begins in the vineyard with intuitive, experienced hand tending of grapes. Every Alpha Omega vineyard is farmed by hand with a yearlong emphasis on individual vine management combined with sustainable and regenerative farming techniques that produce low yields of perfectly ripe, high-quality grapes which dramatically express the essence of each vineyard’s unique characteristics.

Alpha Omega is proud to share ERA 2022 for this year’s V Foundation Case for Research. Our flagship wine, ERA is a wine that defines Alpha Omega’s greatest winemaking achievement in each vintage, dramatically illustrating the character and complexity of Napa Valley terroir.

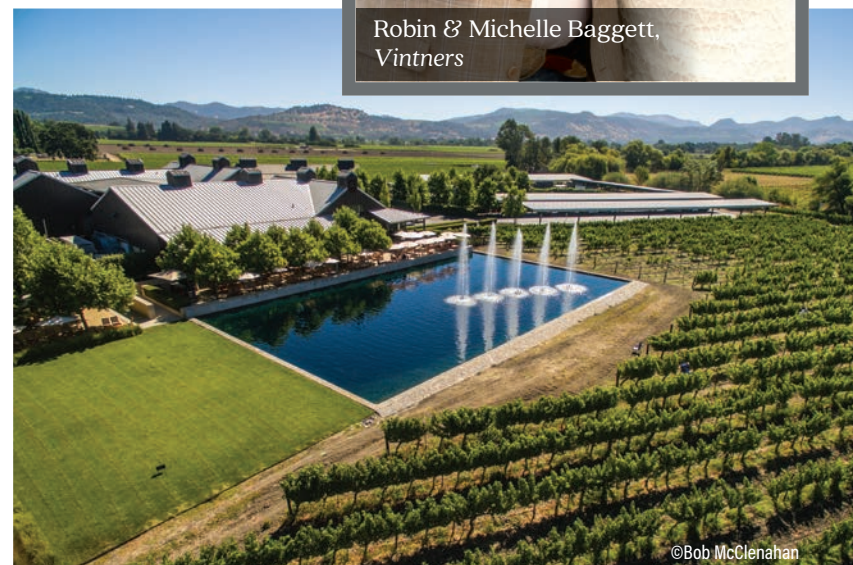

Meticulously tasting through each block of our renowned collection of vineyards each year, Winemaker Melissa Paris identifies the building blocks of ERA. The finished handcrafted masterpiece is an impeccably matched union of valley floor, hillside and mountain vineyards that impeccably reflect the Napa Valley and the conditions Mother Nature presented in that vintage.

Fleury Estate Winery

2023 Fleury Estate Ten10 Cabernet Sauvignon

Fleury Estate Winery is located in Rutherford in the heart of Napa Valley, Claudia and Brian Fleury have created a luxury boutique winery with premium Napa Valley terroir. Taking a noninvasive approach in the winemaking, they allow the grape to take center stage in every barrel, bottle, and glass of their wines.

Sourced from fair farmed just at the base of Howell Mountain and entirely from our Fleury estate owned & farmed vineyard, located in the Saint Helena AVA. The south-westerly exposure of this Saint Helena property provides for beautiful sun; which kisses the clusters in the morning and allows for needed shade in the afternoon. Planted at the elevation of 1,010 (Ten10) feet above sea level, on the east side of the valley and on a gentle slope. This 100% Cabernet Sauvignon planted vineyard develops a classic style with supple tannins and deep, powerful fruit. The 2023 vintage, noted as one of Napa Valley’s premier vintage of the century. Notes a deep set and richly dazzling garnet color. Possessing a striking personality replete with dark fruit, dark chocolate, wet stone, black tea, leather and hints of cinnamon, giving time in the glass an expansively unveiling layered nose.

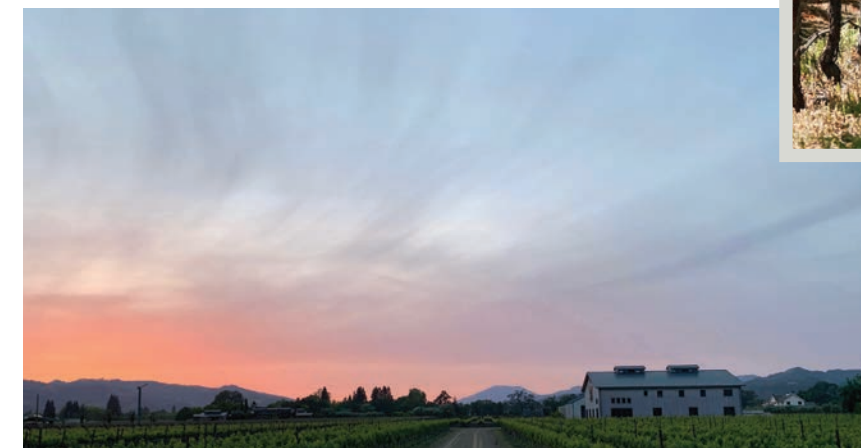

Our family holds the fight against cancer in high regard. The passing of Lee Fleury has made this cause especially meaningful to us. We deeply appreciate the V Foundation’s unwavering commitment and strategic approach towards finding a cure for this devastating disease

Marciano Estate

2014 Massiglia

At Marciano Estate, we are dedicated stewards of this land, driven by a commitment to foster a healthy ecosystem and create a truly regenerative environment. Our 55- acre estate includes twenty carefully tended acres of vineyards and olive groves, while an additional twenty acres remain untouched forest, rich with wildlife and biodiversity. In alignment with regenerative agricultural principals, we are continually evolving our vineyard and olive grove practices to enhance the land's vitality and resilience. Over sixty percent of our winery facilities now operate on renewable energy and our efforts include pollinator gardens, beehives, rainwater capture and reuse, managed sheep grazing and bird and owl boxes to naturally manage pests. By farming organically and planting cover crops, each action we take helps enrich biodiversity and strengthens the land's health.

Each of these steps brings us closer to a balanced ecosystem and enables us to create wines that reflect the unique character of this place- wines that are as much an expression of the land as a testament to our care for it.

Offered this evening from our library is the 2014 Massiglia, our proprietary red wine. Aromatically, the 2014 Massiglia is vivid and complex. Deep layers of cocoa, sage, blueberries, cherries, cedar and baking spice are complemented by floral, earthy nuances. On the palate, a fresh, luscious attack builds to a complex mid-palate exhibiting silky tannins and soft texture.

Notes of black currant, strawberry compote and mocha carry into the long lingering finish.

Maurice Marciano and the Marciano family feel strongly about the power of partnering with life changing organizations such as the V Foundation. We are excited to work together to raise awareness and the necessary funds for the V Foundation's continued success in cancer research.

Bastien Lucas,
Winemaker
